

Rafaa Selmi

Front-End Developer · React · TypeScript · Flutter

Open to front-end, React and Flutter opportunities

PROFILE

Front-end developer based in Kairouan, Tunisia, focused on building responsive web interfaces with React, JavaScript and TypeScript. Interested in thoughtful UI/UX, accessible experiences and mobile development with Flutter. I enjoy taking projects from a clear interface concept to a working, maintainable implementation.

SELECTED PROJECTS

Fifty Store [View project ↗](#)

Responsive storefront focused on product browsing, reusable product UI and a clear shopping experience across screen sizes.

REACT · TYPESCRIPT · E-COMMERCE · RESPONSIVE UI

GitHub Search [View project ↗](#)

JavaScript search interface that requests GitHub profile data and presents useful results with clear loading and empty states.

JAVASCRIPT · GITHUB API · SEARCH UI

Dari TN App [View project ↗](#)

Flutter mobile app concept for browsing real-estate listings, with screen-based navigation and a mobile-first interface.

FLUTTER · DART · MOBILE UI

Smart Health [View project ↗](#)

Health-focused Flutter app practice project exploring reusable widgets, screen composition and simple navigation.

FLUTTER · DART · ANDROID
